ANSWER:

NMDFC recommends that SCAs may require beneficiaries to provide security for the loans they receive. The specific type of security is determined by the SCAs, with the aim of ensuring that the requirements are manageable for the beneficiaries while also providing adequate leverage for loan recovery. Generally, the following security provisions are advised:

Security Requirements for Loans	
Loan Amount	Type of Security
a) Loans up to Rs. 1,00,000	Self-Guarantee & Post-Dated Cheques
b) Loans exceeding Rs. 1,00,000 and up to Rs. 5,00,000	Guarantee from one employee of PSU/Govt./Bank or one income tax payer/Public Representative & Post-Dated Cheques
c) Loans exceeding Rs. 5,00,000	Guarantee from two employees of Govt./PSU/Bank or two income tax payers/Public Representatives, or Guarantee from the owner of property pledged as collateral, OR Collateral by Mortgage of landed or immovable property of equivalent value & Post-Dated Cheques

SCAs are also encouraged to join the Credit Guarantee Fund Trust for Micro & Small Enterprises (CGTMSE) to assist beneficiaries who cannot provide collateral for NMDFC loans. If beneficiaries opt for this option, the interest rate may be higher to cover the commission fees payable to CGTMSE.

d) Education Loans:

- Education loans are part of the Term Loan scheme and must not exceed 20% of the total Term Loan extended by the SCA in a year. This includes 10% for new Education Loan cases and 10% for existing cases.

e) Preference for Education Loans:

- Priority should be given to students admitted to government institutions and courses with strong employment prospects. 90% of education loans should be for domestic courses, with preference for short-duration courses with high employment potential.

f) Disbursement and Verification:

- Loans exceeding Rs.5.00 lakhs should be disbursed in two installments. The first 50% must be followed by a verification of its use before releasing the remaining funds. Details of such cases must be uploaded on the SCA's website before further disbursement.

g) Beneficiary Selection:

- SCAs are responsible for selecting beneficiaries who meet the basic eligibility criteria and are suitable for their project and socio-economic conditions. SCAs must evaluate the techno-economic viability of the project before final selection.

h) Follow-Up:

- SCAs should monitor beneficiaries to ensure that assets are purchased and utilized as per the sanctioned scheme.

i) Recoveries:

- SCAs are responsible for collecting repayments from beneficiaries and making quarterly payments to NMDFC.
